Pre-Kindergarten Title I Guidelines

For a Title I school operating a school wide program:

- Reside in the attendance area of a Title I school operating a school wide program;
- If a school wide program cannot serve all preschool-age children residing in the school attendance area, it must establish and apply selection criteria to ensure that
- Those children who are most at risk of failing to meet the State's academic achievement standards are served. In this situation, the school must use multiple, educationally related, objective criteria, such as teacher judgment, interviews with parents, and developmentally appropriate measures of child development, to determine those preschool children most in need who will be serviced.
- The use of family income is one factor that may inform whether a preschool child is most in need, but children should not be identified for services in a Title I Preschool Program solely on the basis of family income.
