 - It is recognized there may be other brands that could serve the needs of the school system. However, it should be understood by the bidder that the use of brand names and numbers in the specifications is to establish standards and styles of products that have been judged to meet the need of the school system. Such use of brand names is in no way designed or intended to restrict the bidding, but contrarily, to invite bids of comparable product that would equally satisfy the requirements stated herein. It is permissible to bid another brand, make and model product for evaluation as an approved equal to the specified brand. Equivalent brands that meet the approval of the Board will be accepted.
 - The specifications are general in nature, and are not meant to exclude any responsible bidder from bidding. Minor variations from the specifications, not affecting quality or serviceability, will be considered. Bidder should note the exception(s) to the bid specification (s) and the proposed difference(s) to be offered inside the sealed bid envelope with a separate page marked AExceptions@. Monroe City Schools and its approved agent(s) shall be the sole determiner of the suitability and/or quality of any deviation(s) from the specifications. Changes not noted will not be accepted after the awarding of the bid. Bidders are encouraged to call Mr. James Kelley, Purchasing Manager, at (318) 325-0601 Ext. 3034, for any questions, clarification or to determine the suitability/acceptability of proposed deviations prior to submitting the bid.

- *Bidder=s Identification of Product Bid*
On blank lines provided, the bidder must insert the manufacturer=s brand name and identifying numbers along with any other information necessary to identify sufficiently and complete the articles offered. Failure to do so may prevent consideration of the item bid.

Required Samples

- **All items indicated as requiring a sample must have sample provided at/before bid opening.** Each sample shall be identified with bidder’s name, bid proposal number, bid item number, product trade name and identification. Failure to provide required sample shall be grounds to reject bid item without further recourse. If bidding as specified samples are not required.

- *Required Literature*

When the bid invitation is soliciting a bid for a product (as opposed to a service), **each bidder is to enclose complete descriptive information to fully identify the product quoted. This may be in the form of a catalog, manufacturer=s brochure, specification sheet, cut sheet, schematic, or other brand or product information. Failure to do so may prevent consideration of the item bid.**

- *Correction of Bidding Documents*

Upon examination of the bidding documents, bidders shall promptly notify the Purchasing Manager of any ambiguity, inconsistency or error which they may discover. Interpretations, corrections and changes to the bidding documents will be made by addendum. Interpretations, corrections or changes made in any other manner will not be binding, and bidders shall not rely upon such interpretations, corrections and changes.

- *Addenda*

Addenda are written instruments issued by the Monroe City Schools prior to the date for receipt of bids which modify or interpret the bidding document by additions, deletions, clarification or corrections. All addenda issued by the Monroe City Schools shall become a part of the specifications and will be made part of the contract.

- Addenda will be mailed, delivered or faxed to all who are known by the Purchasing Manager to have received a complete set of bidding documents.
- Copies of addenda will be made available for inspection wherever bidding documents are on file.
