Why was Roy N. What is Roy N. Shelling Elementary School doing to address the issue of achievement, and what are the school system and the Louisiana State Department of Education doing to help them address the problem? *The school system administration (school site and district staff) will evaluate all areas of instruction at Roy N. The school will implement best practice reading, writing, and math strategies, tutorial programs, and technology-assisted instruction. Consultants will work along with the administration and staff to identify the most effective instructional practices for the diverse student population that attends Roy N. Shelling Elementary School. How can I become involved in addressing the issues that caused Roy N. Shelling Elementary School to be identified as a school in need of improvement? *Families are encouraged to arrange a private conference with their child's teachers to discuss ways to improve academic performance. Families are also invited to participate as members of the School Improvement Team at Roy N. Shelling Elementary School. The School Improvement Team is a group made up of the principal, assistant principal, teachers and parents that work to improve the education and overall learning experience for all students at Roy N. Shelling Elementary School. Even if a family member does not serve as a member of the School Improvement Team, he or she may attend meetings of the team to discuss possible changes in any area of instruction to improve the school.*

Do I have to transfer my child to another school? *No. We are providing families with this opportunity as an option. The decision is entirely up to you, so you should base your decision on **what you think is best for your child**. If you choose to have your child attend school at Roy N. Shelling Elementary School, continue with the registration process as required. If you do choose to transfer your child to JS Clark, he or she **must remain for there for the full school year**.*

Is my child guaranteed a place at JS Clark Magnet School? *Every effort will be made to honor parents' requests for transfer. However, students will be granted enrollment at JS Clark **based upon enrollment limits, individual achievement scores, and income levels as prescribed by the Every Student Succeeds Act (ESSA)**.*

How will my child get to a receiving school? *If your transfer application is approved, your child will have free transportation to the receiving school. Transportation will be provided by the Monroe City School Board. Specific bus information will be available at Roy N. Shelling Elementary School by Monday, August 5, 2019. If my child transfers to JS Clark, will he/she have choice for junior high school? *No. School Choice transfers do not extend beyond the grade levels served by the receiving school.*
